In accordance with the requirements of the Academic Regulations (chapter III, section K, *YCPS*), this petition must provide a **full and detailed** explanation of how the student's proposed course work represents at least twice the normal expectations of the course. It will therefore probably be necessary to attach additional information to this form. When a petition for double credit is approved for a course that fulfills a distributional requirement, the additional credit may not be applied toward the distributional requirement, although it may be applied toward the 36-course-credit requirement for graduation. **Note that the deadline for a petition for double credit for a single-credit course is the date of midterm.**
